

HAND TOOL

L 2.7

Hand tool Model L2.7 is a versatile tool used in the packaging industry. It is designed to facilitate various packaging tasks, such as sealing boxes, bundling items together, and securing packages with strapping. The L2.7 offers efficient and reliable performance, making it an essential tool for packaging professionals. With its ergonomic design and user-friendly features, it enables precise and effortless handling, ensuring optimal packaging quality and productivity.

Advantages :

- Tension force 4000 N, High tension, Suitable heavy duty
- Easy operation and simple adjustment
- High performance Li-ion battery 18V-0.5 AH with power display function
- Up to 550 strapping cycle per charge
- Suitable for building materials, meta wood, paper, printing and logistic industries

Technical data :

Total weight	4.0kg
Battery weight	0.62 kg
Dimensions (L*W*H)	330 * 150 * 140 mm
Tension force	400 - 4000 N
Sealing method	Friction weld
Strap type	PP & PET
Strap width	10 - 16 MM
Strap thickness	0.6 - 1.2 MM

Battery :

Lit-ion battery	18 V - 5.0AH
Strapping cycle per charge	Up to 550 <small>Depends on the quality of strap, tension and the type of package</small>
Charging time	30 min
Battery life	Charged / Discharged 2000 times

Charger :

Voltage	100 - 240 V
---------	-------------

Operation mode :

Automatic / Semi automatic / Manual

- Protection base plate included
